

Netball Dorset
League Report – Blandford Forum Netball
December 2024

We have experienced some disruption since we started the winter league back in September with lighting issues at The Blandford school, resulting in lots of hard work from our umpiring secretary and reduced games to start the Winter season as we had to use two courts instead of three.

Lack of facilities in our area means the league really suffers if the site we play on isn't maintained.

The courts were resurfaced recently but the lines make the courts slippery in damp weather.

On good news

Since our AGM in March we have had 2 Into Officiating passes and 1 C Award Pass. Currently there are 4 known working towards their Into Officiating Award, 3 working towards C Award and 2 working towards B Award.

We will have a vacancy come the next AGM for fixtures officer such may prove tricky to fill.
