

Rep Report for Blandford Forum Netball League

As I have recently taken on the role the report may not have all the detail on this occasion.

Our AGM was held in March which saw a new Vice-Chair appointed and a new role of membership secretary was formed.

The summer season has got off to a great start, we have reverted back to two divisions after a season of playing "round robin". We have seen two new junior teams enter the league NDNC Cyclones and DAS Eagles, both teams have made a great impact so far. We saw one team leave the league after one season and we wish them well. The league are considering running a charity tournament towards the end of the season.

The league has seen 7 newly qualified umpires at "into" level which is fantastic for the league and the clubs they represent. Channon has is also a qualified "into" and C award assessor again will be a great asset to the league.
