

## **County Officiating Lead report March 2026**

We have had a very busy season so far, with more to come.

Since September 2025, Dorset has had:

18 Into Officiating passes.

3 C award passes.

1 new Into Officiating Assessor ( December '25) and 1 new C Award Assessor ( March '26).

In total we have 9 assessors working hard across our county.

We have 3 A award umpires working nationally, regionally and within our local leagues.

4 B award umpires working within the South West regional leagues.

5 C awards working towards their B awards with 3 presently umpiring senior regional division 3 games.

Dorset had 3 umpires selected to umpire at the Regional Schools tournament held in January at Sir David English.

Junior PDP games, tournaments and training sessions have provided excellent opportunities for umpires working towards their next qualification.

Many thanks to the Junior clubs who are working hard to support their younger members start on their officiating journey.

A fantastic season so far and thanks to everyone involved with supporting officiating in our county.
