

Well, what a winter season the league has had! The weather has certainly not been on our side down at Weymouth this winter, with us having more postponed matches than dates available for replays. Nevertheless, we finally got through it and ended the season on the 22<sup>nd</sup> February. Congratulations to Belle Construction, McCarthy Stone and Zest who topped the table for premier, division one and division two respectively.

League entry forms have gone out for the summer, with a provisional start date of 11<sup>th</sup> April.

A number of teams in the league have had players successfully completing coaching courses and umpiring qualifications, supporting the teams and players to be able to train and play. Congratulations to those who have been successful this season.

Discussions have begun to take place regarding the new rule changes to be implemented later in the year, the league plan to produce a summary for members to advise of the changes.

Junior players continue to thrive in the league and beyond, with athletes playing for Bath NPL, within Bath ADCs across the southwest and players in the county PDP.

The league saw players also enter the Dorset Vets tournament in February at Canford. Congratulations to all those that took part and well done to the teams progressing onwards to the regional playoffs later in the spring.

We are always keen to encourage new players and teams to join the league, if anyone is interested then contact can be made via our social media pages (Facebook and Instagram).
